

9 things to ask before hiring a Commercial Painter:

1. Can you provide a **detailed written quote** outlining all of the specifications and prices for the project?
2. **What is the timeline** for getting on your painting schedule and getting this project done?
3. Can you help me **choose colors** and provide a **color rendering** of what the project will look like after it's been painted?
4. What **specialized paint coatings** do you recommend for my project (scuff-resistant, low-VOC, microbicial, epoxy)?
5. Can you handle **carpentry** in-house, or do I need to hire my own carpenter to replace rotted wood on the exterior or mouldings on my interior?
6. Can you **work off-hours** (weekends and nights) to paint when our business is not open? Is there a surcharge for this?
7. What are your **payment terms**? Is there a **deposit** needed? Can you **invoice** our billing department?
8. What kind of **warranty** do you offer?
9. Can I get **references** from three of your Commercial Clients with similar projects.
